For Immediate Release

Rep. Richmond Calls for Immediate Release of Albert Woodfox Washington, DC – Today Rep. Richmond (LA-02) issued the following

statement following the ruling of U.S. District Judge James Brady to grant the

unconditional release of Albert Woodfox from state custody:

"Attorney General Caldwell must respect the ruling of Judge Brady and grant Mr. Woodfox his release immediately," said **Rep Richmond**. "This is an obviously personal vendetta and has been a waste of tax payer dollars for decades. The state is making major cuts in education and healthcare but he has spent millions of dollars on this frivolous endeavor and the price tag is increasing by the day."
